

# KIYALA HIGH SCHOOL

## END OF TERM ONE ASSESSMENT TEST - 2024

### GEOGRAPHY

#### Paper 1

#### S.2

**1 Hours 30 minutes**

#### INSTRUCTIONS

- *This paper consists of **three items**.*
- *Answer **all the items** the paper.*
- *All the items carry **equal scores**.*

#### Item 1

East Africa experiences different types of vegetation with different characteristics, and having different conditions that support their growth.

#### **Task**

- a)** Define the term vegetation.
- b)** Identify the type of vegetation shown above.
- c)** Mention any one place in East Africa where that vegetation grows.
- d)** State **four (4)** characteristics of that kind of vegetation.
- e)** Explain the conditions that have favoured the growth of such vegetation.

#### Item 2

Every year on June 5<sup>th</sup>, the world celebrates World Environmental Day, a day the United Nations set aside to create awareness on environmental issues. Your school has been chosen to host this year's celebrations in your district. You have been assigned a task of inviting Geography students from other schools to come and attend the function.

At the same function, the government is launching a gravity water flow scheme near your school.

***Task***

Prepare and describe a map route directing the visitors to your school to participate in the celebrations.

**Item 3**

- a)*** Identify the major relief regions of East Africa.
- b)*** Mention one mountain in each of the countries of East Africa.
- c)*** Describe a disaster that has occurred in any highland area of Uganda.
- d)*** How does flooding affect human activities in the low land areas of East Africa.

**SUCCESS**
